

Member-to-Member Discount (M2M) Program

Membership Pays! One of the ways is the Member-to-Member Discount Program (M2M)!

Where is your M2M Discount Card? These membership cards are sent in January with your new directory and membership certificate. On this card your participating business is indicated on the front with the year that you joined the Chamber of Commerce. On the reverse of this card you will find the website address: www.grandeprairiechamber.com where all discount details can be found from over 75 Chamber Members.

Check it out! Find where you can use your Chamber M2M Card for discounts around Grande Prairie and Region. Present your card at these places of business and save! And this service is *free* to all members to use.

Discounts may apply to any retail goods *or* services your business offers. As well, the level of discount (i.e., 10% off) or other offer (i.e., free hour for every 15 hours booked) is *your choice*, as there is no set standard.

All Chamber Discounts with participating businesses will be indicated on our website with what the discount entails. Discounts are redeemed by presenting your Grande Prairie Chamber Membership card. Cards are distributed (one per member), and members simply have to produce their card to the participating business to qualify for the discount. Additional cards may be purchased from the Chamber for other staff members.

There is *NO COST* to participate!
